EAC HousingCare

EAC HousingCare is a free housing and care advice service. They help older people, their families and friends make choices about their housing and care options. They have a free telephone helpline to talk through your needs and give online information and advice about:

- your housing, care and support options to help find what's right for you
- finances or options for paying for care and managing finances
- online directory of housing where you can find
    - housing to rent or buy
    - retirement housing
    - residential care or nursing homes
    - assisted living or extra care housing
    - services that can help you to adapt or maintain your home so you can continue to live safely in your home
- a Housing options for older people online (HOOP) tool. Answer a series of questions to understand your housing needs better.
