

How to pay for adaptations to your home

If you're finding it harder to do things at home you may be entitled to a **Disabled Facilities Grant**. This grant can pay for adaptations to your home and equipment to enable you to live as independently and as comfortably as possible.

For example you may find it difficult to:

- climb the stairs
 - get in and out of the bath
 - prepare food

What is a Disabled Facilities Grant?

A Disabled Facilities Grant is a grant from [Care & Repair Newcastle](#) at Newcastle City Council. It is used to pay for essential adaptations to your home, including improving:

- access to your home: e.g. widening doors and installing ramps
- access inside your home: e.g. installing a stair lift or providing a downstairs bathroom or wet room
- heating and lighting controls
- or provide a specially adapted room where you can be comfortable and manage things without needing help
