

Urban Green Newcastle

Urban Green Newcastle is an independent charity responsible for the management and upkeep of the city's 33 parks and 61 allotment sites,

Now that the new charity is in place, they will be installing new fencing, improving footpaths and improving playground areas in some parks. They are also installing new bins to tackle the problem of littering and made sure grass is cut regularly, so our green spaces remain clean, tidy and welcoming.

They have a newsletter that you can subscribe to, volunteer groups who help maintain the parks – and they are always looking for more help.
