

## Zooming Feminism

Join North Tyneside Women's Voices as they explore questions of feminism over Zoom. All welcome, no matter where you are in the world or your level of knowledge about feminism.

This week they are turning their focus on what we mean by feminism, and what feminism means to each of us as individuals.

Please register your interest on Eventbrite so they can send you the link to the zoom. You won't be able to take part without that.
