

Career Advancement Training

Wanting to try something new? Are you thinking about a career change? These FREE ten-week courses are delivered in locations across Gateshead and Newcastle by FutureSkills North East. The Spring programme which has four courses will commence in April.

Education and Training (Level 3) – this is the ideal opportunity to discover if a training role is for you. This course will allow you to explore the roles, responsibilities and relationships in education and training, while enabling you to facilitate learning, development, and assessment within a group setting.

Diploma in Leadership and Management (Level 5) – an in depth look at leadership and management within the workplace, covering various topics including effective decision making, professional development and project management. A fantastic opportunity for anyone who is in a management role, paid or voluntary or who is looking to progress their career.
