

Pensions Advisory Service (TPAS)

The Pensions Advisory Service offer information and guidance service through their telephone helpline, web chat, written enquiries, online enquiries and their website.

They can help if you're a member of a UK pension scheme or whether you simply want to know more about these schemes and how they work.

Their service is delivered by in-house pension specialists and a nationwide network of volunteer advisers who have typically worked in the pensions industry in roles that have required a high level of technical knowledge.
