

Powercut 105

Call Powercut 105 to report or get information about power cuts in your area.

You can also call 105 if you spot damage to electricity power lines and substations that could put you, or someone else, in danger. If there's a serious immediate risk, you should call the emergency services too.

It's free of charge and will put you through to your local network operator who can give you help and advice. You can call the number from most landlines and mobile phones.
