

npower Energy Fund

The aim of the npower Energy Fund is to help domestic customers of npower who are experiencing hardship and struggling to pay their gas and electricity bills regain a hold on their finances and become financially stable with the ability to meet future bills. The npower Energy Fund offers grants to domestic customers of npower to clear gas and/or electricity arrears if the client first demonstrates their commitment to achieving financial stability by making regular payments over a three month period for ongoing usage.
