

Get Safe Online

Get Safe Online is an easy-to-understand information website about online safety. The website provides practical advice on how to protect yourself, your computers and mobile device and your business against fraud, identity theft, viruses and many other problems encountered online. It contains guidance on many other related subjects too – including performing backups and how to avoid theft or loss of your computer, smartphone or tablet. Lots of topics are included on the site – including safe online shopping, gaming and dating ... so now you really can stay safe with everything you do online.
