

Veterans at Ease Ltd

Veterans at Ease helps veterans and their families living with trauma like post-traumatic stress disorder (PTSD) and other combat-related mental health issues. They help people aged between 18 and 94 years.

They offer free, one to one, personal therapy sessions and clinical psychotherapy. This is usually a weekly one hour session, with a qualified therapist. The therapists are from the Armed Forces Community (ex-military or immediate family members) with first-hand experience of mental health issues. Veterans supporting Veterans.
