

Newcastle City Council Register Office

For deaths in Newcastle upon Tyne you must register the death at The Register Office.

Appointments are available from Monday to Friday between 8.30am and 3.45pm. Please contact the Register Office to make an appointment.

If it will be difficult for you to travel to the right register office to register the death, you can go to a register office in a more convenient place in England or Wales. This is known as 'Registration by Declaration' and the process may take longer.
