Newcastle Neighbourhood Networks

[Newcastle Neighbourhoods](#) run quarterly network events in community centres, for organisations working towards the wellbeing of the communities in the city to get to know one another, share good practice, explore links, reduce duplication, and collaborate with those communities to help them to flourish. Events are held across the 4 Newcastle neighbourhoods: North, Inner West, Outer West, East. All people who work or volunteer in the health, social care, voluntary, community, housing, sport, leisure, uniformed services and social enterprise sectors are welcome to attend. Communities and Neighbourhoods

Neighbourhood Planning

Communities are able to establish general planning policies for the development and use of land in a neighbourhood by preparing a Neighbourhood Plan. They are able to say, for example, where new homes and offices should be built, and what they should look like. The neighbourhood plan will set a vision for the future. It can be detailed, or general, depending on what local people want.

[Neighbourhood Plans](#) are prepared by local community groups not the City Council, although they can provide guidance and technical assistance. In areas which are covered by a Parish Council it is only the Parish Council that can prepare a Neighbourhood Plan. In non-parish areas a Neighbourhood Forum will need to be established and approved by the City Council.

You may find it useful to work with a [Locality](#) Champion.
