

LifeConnect24 Personal Alarms

LifeConnect24 is a national telecare provider supporting people to maintain their independence by enabling them to stay safe at home and on the go. A personal alarm from LifeConnect24 provides 24-hour support at the press of a button, giving people independence at home and their families reassurance that help is at hand should they need it.

With a LifeConnect alarm you receive 24/7 monitoring, 365 days a year, from the Emergency Response Team.

The organisation meets the standards for the representative body for technology enabled care (TEC) services (TSA).
