Go Reboot Plus

Go Reboot Plus is a free-to-access, digital training programme for residents in North Tyneside. The programme helps individuals develop digital skills, learn about routes to securing a career in digital, and connect with local digital employers.

The programme not only supports individuals to improve employment chances, but is also designed to build confidence, provide routine and network with peers.

Go Reboot Plus is delivered by Sunderland Software City and Newcastle College, and is funded by the European Structural Investment Fund.
