

Safe To Say

Ever seen or heard something out of order happen at the pub or club? Heard a friend make a dodgy comment but don't know whether to call it out? Noticed someone who looks uncomfortable but felt unsure how to step in?

#SafeToSay is here to guide you toward information and resources which will help you recognise sexual harassment, and point you to trusted advice on what you can do to help someone who is being harassed.

There are links to free training too, if you are ready to take a step toward playing an active role in preventing sexual harassment and other forms of violence in our communities.
