

Centrepont Rent Deposit Scheme

Centrepont is a youth homelessness charity which gives help and support to young people aged 16 to 25 years who are experiencing homelessness.

The Rent Deposit Scheme provides access to private rented accommodation for 18 to 25 year olds who have experienced homelessness in the past or are at risk of homelessness by providing help with deposits. Support is tailored to individual need and they can help with accessing furniture grants and referrals to wider support services.

Their national helpline provides advice and support to young people who are homeless or at risk of homelessness.
