

Jesmond Dene Real Tennis Club

Real Tennis should not be confused with Lawn Tennis. It is a different game altogether. It is played indoors, the balls are hand made and solid like a cricket ball, the rackets are wooden.

They are always on the lookout for new members and people who would like to try the game before making a decision about membership.

If you would like to try Real Tennis they offer a series of three introductory lessons (no membership required) so you can find out if the game is for you.
