Information for people in Newcastle upon Tyne

# Alzheimer's Society Newcastle

Your local Alzheimer's Society Newcastle provides a range of support services for people with dementia, their families and carers.

Their Dementia Advisors offer information and practical guidance to help you understand the condition, cope with day-to-day challenges and prepare for the future.

Face-to-face, over the phone or in writing they will help you to:

- remain independent and stay active for as long as possible
- get the information and advice you need to make informed decisions about your wellbeing
- find other local services which can help to improve your life.

They also run a Dementia Voice local group where people living with dementia and carers can share their experiences and opinions on a range of topics, and get involved in local and national projects.
