

Tiny Lives Trust

Tiny Lives Trust support families when their babies are premature or sick. They specifically support the RVI Neonatal Unit in Newcastle upon Tyne. They offer

- virtual resources such as videos, including mental health support linked to stress, anxiety and fear
- resources, such as parent packs and sibling support
- funded parking permit and parent refreshments.

Parents on Ward 35 can access additional counselling using self referral. You can continue with support for as long as you need it.

Families often stay at Crawford House and later at Ward 35 flats. They will remind you to register the birth with the registrar within 42 days.

They fundraise to provide this service.
