

Vocaleyes

VocalEyes is a UK-wide charity bringing art and heritage to life for blind and visually impaired people through audio description. They find theatres and museums with audio-described performances, tours or buildings and places with audio-described [introductions](#)

They believe that blind and visually impaired people should have the best possible opportunities to experience and enjoy art and heritage. They have a What's on page (see link below) for the North East, as well as a monthly newsletter and quarterly What's on Guide provided in print, audio or braille.

They also use [SoundCloud](#)
