

Refill

Refill helps you to find places to eat, drink and shop with less waste. There's over 300 places to refill your water bottle for free in Newcastle. Look out for the blue 'Refill' sticker in the window of shops and businesses where you can refill your water bottle.

Or download the free Refill app to find places where you can refill your own containers. There's 300,000 Refill stations across the world where you can:

- refill your water bottle with free tap water
- bring your own cup to buy discounted coffee
- buy and take away food in your own containers

World Refill day is 16 June.
