Information for people in Newcastle upon Tyne

Eye Clinic Liaison Service

The Eye Clinic Liaison Service is based in the Newcastle Eye Centre, Claremont Wing at the Royal Victoria Infirmary.

Our Eye Clinic Liaison Officers are here to help you get the care and support you need as soon as you have been diagnosed with a condition affecting your vision.

Our liaison service is available to patients of all ages at the RVI.

Although most people are referred to our service by consultants and other hospital staff, you can be referred by your GP or community nurse and increasingly, people refer themselves. You, your relatives and carers are welcome to call in to see one of our team without an appointment, although we do advise you phone first to check availability.
