Information NOW
Information for people in Newcastle upon Tyne

PDSA PetAid Hospital

The PDSA provides **free** veterinary care for owners who can't afford private vet fees. This includes treatment for all popular domestic pets, such as dogs, cats, rabbits and hamsters.

To qualify for help from the PDSA, you must live within the catchment area of a PDSA PetAid hospital or practice, and you must be in receipt of either Housing Benefit or Council Tax Benefit. To confirm whether your pet is eligible for free treatment, contact your nearest PDSA hospital by completing their **online enquiry form.**
