

Met Office

The Met Office is responsible for public weather services. You can use their website to see weather forecasts and warnings in your local area, across the UK and the world.

You can sign up to receive their weather warnings and updates by email, text or WhatsApp, to help you plan ahead. When severe weather is forecast such as, extreme heat or cold, heavy rain, strong winds, floods, snow and ice, there can be a risk to people, buildings and roads in the UK. You may want to change your plans, protect your home or dress differently for the weather.
