

Re Think Mental Illness

Rethink Mental Illness is a national mental health charity supporting people affected by mental illness and their carers, family members or loved ones.

They have a free advice helpline, webchat and practical online information about mental illness. The helpline gives advice to people with a diagnosis or symptoms of mental illness who live in England and are 18 or over

Across the United Kingdom they support people with:

- A mental health phone helpline
- support groups, activity groups and carers groups
- primary mental health services in prisons
- supported housing services
- mental health training for professionals, organisations and individuals
- campaigns, reports and online resources
