North East North Cumbria Integrated Care Board (ICB)

The new Integrated Care System (ICS) has replaced the Newcastle Gateshead Clinical Commissioning Group (CCG). The new Integrated Care Board (ICB) will strengthen existing partnerships between local health and care organisations and their work to deliver more joined up care, reduce bureaucracy and improve the health of their population. By taking a holistic, collaborative approach they can help more people stay healthy and can take better care of those who need services. They will be responsible for planning, buying and commissioning services.
