

Collaboration for Health: Strengthening Relationships Between Research and the VCSE Sector

Hosted by Connected Voice and organised by Newcastle Health Research Partnership, VONNE, and Newcastle University and in collaboration with key partners; the session will look at how to:

- · Offer practical information and resources for researchers and the VCSE.
- · Give attendees a better idea of how to access support and information.
- · Provide an opportunity to share ideas and ask questions related to research collaborations.
- · Build on the engagement strategies from the delivery partners.

This event is for VCSE organisations, people in research/academic roles, and Patient and Public Involvement and Engagement (PPIE) practitioners – delivering work in Newcastle or Gateshead.

At the event you will hear from:

- [Vonne VCSE Research Partnership project](#)
- [Newcastle University Faculty of Medical Sciences](#)
- [Newcastle Health Determinants Research Collaboration](#)
- [Gateshead Health Determinants Research Collaboration](#)
- [Newcastle Health Research Partnership](#)
- [Connected Voice Haref](#)
