

Art Exhibition: Kate Miller, Gosforth Nature Reserve Artist in Residence

Visit a special exhibition celebrating Kate Miller's residency at Gosforth Nature Reserve.

Over the course of her residency, Kate has spent time exploring the reserve and creating a brand new collection of printmaking work inspired by the landscapes, wildlife, and changing seasons she has encountered along the way. This exhibition is a chance to see the finished artworks that she has created during her time with us.

Kate has over 30 years of experience in printmaking and specialises in linocut. Her work is inspired by time spent outdoors and captures both wide landscapes and the small details of the natural world, from seedheads and hedgerows to birds and reflections on the water.

Kate's art will be on display and available for purchase from Friday 26 June to Tuesday 30 June from 9am until 4pm each day.

Whether you are interested in art, nature, or simply curious to see what has been created during her time at the reserve, everyone is warmly welcome.

There is no need to book a ticket, just drop in, for free, between 9am and 4pm in the Field Studies Room to enjoy the art on display. ?

Please note, to access the wider reserve, normal charges apply.

A proportion of all sales will be going towards NHSN's Young North East Naturalist Appeal, helping young people connect and experience nature.
