- A desire to help others

No experience? No problem. Full training is provided.

Come along and discover:

- Career progression opportunities
- Support with applications on the day
- Interview skills workshops & mock interview practice
- One-to-one advice from our Employability Team

Hear directly from our team about what a typical day looks like, ask questions, and even get support to apply there and then.

Bring your CV if you have one (but don't worry if you don't!)

This could be the first step towards a career where what you do truly matters.
