

Bird Rave

Bird Rave is a joyful celebration of extraordinary birds, and the freedom-to-dance spirit of classic UK rave culture. Part immersive performance, part dancefloor ornithology, a flock of high-energy performers reimagine the movements of extraordinary birds to a soundtrack of classic old-school rave anthems.

Expect feathers, floor-fillers, and seriously impressive bird-spotting as audiences catch a few rave moves, and party alongside everything from hummingbirds and hooded crows to ravens, cockatoos, and the fabulously named Andean Cock-of-the-rock.

Silly, surprising, and completely unflappable, Bird Rave is a euphoric celebration of nature, 90s nightlife, and letting your inner party bird soar.
