

NALA

NALA is a free online guide to everything that has to be sorted out when someone dies. Registering the death, applying for probate, closing bank accounts, dealing with pensions and benefits, and settling the estate. They also cover grief and where to find support, and how to get your own affairs in order before you need to.

Everything is written in plain English by a small UK team. There is no cost, no sign up, no adverts and nothing to buy. Their end-of-life checklist helps you through everything, one step at a time.
