Information NOW
Information for people in Newcastle upon Tyne

Newcastle Dementia Voice Group

A small, friendly group of people living with a dementia diagnosis and their carers.

We discuss a wide variety of local and national topics, provide feedback to influence change in organisations and dementia-friendly communities.

If you would like to make an impact for changes now and in the future for anyone affected by dementia please get in touch.

Open to people living with dementia and their carers who reside in the Newcastle area.

We meet on the first Thursday of each month at Cruddas Park Surgery from 11am to 1pm
