Beyond the Page Drop In

Want a relaxed way to chat about books, stories, music, film and local history?

Come along to our FREE sessions to explore books on different themes, share ideas, try fun creative activities and enjoy a story together.

You **don't** need to read anything before or in-between sessions and you **don't** have to read aloud unless you want to.

Come along, share your interests and see where the conversation takes us!
