Beyond the Page Drop In: Central

Want a relaxed way to chat about books, stories, music, film and local history?

Come along to our **FREE** sessions to explore books on different themes, share ideas, try fun creative activities, and enjoy a story together.

You **don't** need to read anything before or in-between sessions, and you **don't** have to read aloud unless you want to.

Come along, share your interests and see where the conversation takes us!
