Earluxe

Earluxe provides ear wax removal in people's own homes. The practitioner visits adults across Newcastle, North Tyneside and Gateshead and surrounding areas. Earluxe also visits care homes and other residential settings.

What Earluxe does

- Removes ear wax by microsuction. This uses a small, gentle suction device to take the wax out of the ear. No water is used.
- Removes ear wax by water irrigation, where this is more suitable.
- Checks the ears with a small camera before treatment. You can see inside your ear on a screen.

Who can use the service
Earluxe treats adults only. The service may suit people who find it hard to travel to a clinic, such as older people and people with limited mobility. It may also suit people who wear hearing aids. Family members and carers can book for someone else and stay during the visit.

How to access the service
You do not need a referral from your GP. You can book online at earluxe.co.uk, or call or WhatsApp 07717 343 921. Appointments are available Monday to Friday, 8.30am to 7.30pm, and Saturday, 9am to 4pm.

A visit usually takes 20 to 45 minutes. Treatment for one ear costs £40 and treatment for both ears costs £65. You can pay by cash or card at the end of the visit. Earluxe can give prices for group visits to care homes on request.

The practitioner is Enhanced DBS checked and fully insured.
